

Qonnect® continuously works on innovating and developing new, often patented hand and power riveting tools. The current market is flooded with cordless riveting tools where quality is not always of the highest importance and for every different application another tool is needed.

Our focus on strength, technology, quality, and innovative design, are demonstrated in our most recent line of Q-TOOLS. In this new generation of XL tools with a large capacity and accessories we cover a full range of products, ALL-IN-ONE.

Q-TOOL N12XL

- ▶ FULL CAPACITY M3 – M12 UP TO STAINLESS STEEL A4
- ▶ SETTING FORCE 25.000 N
- ▶ DIGITAL STROKE CONTROL OF 10.0 MM
- ▶ PRECISE STROKE ADJUSTMENT IN 0.1 MM STEPS
- ▶ QUICK-MANDREL-RELEASE MECHANISM
